

ART COMMISSION
WATERVILLE WATER & WASTEWATER SCHEME
September 2016

Waterville, Co. Kerry - Art Commission - Kerry County Council Water Services Capital Office and Arts Office.

Brief:

Kerry County Council invites submissions from artists for an art sculpture/ installation piece (fixed/ permanent) that would be reflective of the mythology and natural heritage of the Waterville environment.

The planned location for the piece is on the village green facing out to sea beside the beach in the middle of the village. The submission should also present a long term setting for the installation with the sculpture on a raised plinth in the proposed site and incorporate cast or sculpted information plates in similar materials or local stone. The overall design for the setting should involve landscaping works to be completed by other parties at a later stage.

Themes which will be considered are to include the Mythological figure of Amergin of the Milesians and his links with heritage & nature, the marine & freshwater creatures of the area including the specimen seatrout & salmon, the general natural heritage, landscape and environment of the Waterville area and the connection between the lake, the sea and sky in the context of the panorama from the beach. The art piece/ installation should tell the story of the arrival at Ballinaskelligs Bay of Amergin and the first Gaelic peoples to Ireland from Northern Spain, possibly referring to or recounting the Song of Amergin from Lebor Gabala Erennqor similar references.

The Artists should also consider the water theme as it was a water/ wastewater project that secured funds for the commission.

The total budget for the Commission cannot exceed is €44,000 inclusive of VAT
Any submissions received in excess of this amount will not be considered.
